Serial
No.REVENUE STATISTICS FOR JUNE 1924.

The unaudited preliminary revenue figures for the twelve months ~~are now~~ of last year are now available for all the principal heads of Revenue except Railways, the return for which has not yet been received from the Auditor. We may, therefore, see roughly how the revenue position is likely to stand in comparison with the anticipation formed in the Revised.

LAND REVENUE.— The collection in June 24 is reported to be 15.73 which is a record figure, this level having not been reached ^{the last month of} in any year in the past. The gross collection for the ~~an~~ year amounts to 114.92 against the expectation of 111.62, i.e., an ^{increase} of 3.30 over the Revised.

SANDAL OIL RECEIPTS.— The gross receipts from the sale of oil in the twelve months are 23.18 against the Revised of 22.69. Mr. Y. Narasinga Rao's expectation was 23.97^x. The actual remittance reported by ^{Treasury and by} Messrs Coutts & Co. is .79 less than Mr. Y. Narasinga Rao's estimate. What has led to this divergence may be investigated later on. Compared with the Revised, the realisation now reported shows an improvement of .49. When the esti-

of 1923

Serial
No.

estimate of gross receipts was increased by 1.00 in the final stages of the Budget, the corresponding estimate of working expenses was not increased. A large part of the improvement of .49 will, in the circumstances, be absorbed in meeting the increased working expenses, and the position in respect of Sandal Oil receipts may be, for the present, be taken as one of realisation of the Revised estimate and no improvement over it

FOREST REVENUE OTHER THAN SANDAL OIL RECEIPTS.— The collection in the twelve months is 13.92 and to this has to be added the adjustment of about 4.00 on account of fuel supplies to the Iron Works which has to be made in the accounts of last year. The aggregate will thus be about 17.92 against the Revised of 19.40. There is thus a disappointment to the extent of 1.48.

EXCISE.— The actual realisation in the twelve months is 70.35. To this have to be added two items of adjustments to be made in the final accounts for the year, viz., (1) .67 on account of gain on manufacture of arrack, and, (2) .70 on account of gain on sale of opium. The aggregate will be 71.72 against the Revised of 70.79; i.e., an

improvement

relating to the additional
quantity of oil sold

General and Revenue
Secretariat.

4.2 File No.

4 of 19 23.

Serial
No.

improvement of .93.

INCOME-TAX.— The realisation is 12.24 against the Revised of 12.48. There is a small worseness of .24.

SUPER-TAX.— The collection x is 3.72 against the Revised expectation of 5.13 and the disappointment here is, therefore, 1.41.

STAMPS.— The twelve months collection is 19.44 against the Revised of 19.15, i.e. an improvement of 2x .29.

MINING REVENUE.— The collection is 14.91 against the Revised of 14.75, i.e., a small increase of .16.

ELECTRICAL & KRISHNARAJASAGARA WORKS.— The net receipts are reported to be 30.60. It is not clear if the payment of royalty to the Madras Government has been allowed for. The charges on this account amounts to .60. Making allowance for this, the net receipt would stand at 30.00 against the anticipation in the Revised estimate of 28.18. There is thus an improvement of 1.82.

The position, on the whole, for the x heads examined above is as under:

General and Revenue
Secretariat.

Mining Revenue .. .16

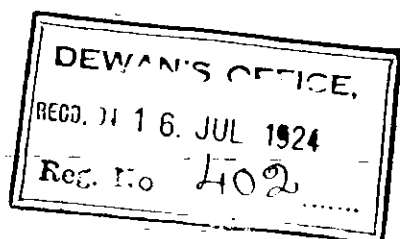

Electrical & Krishna-
rajasagara Works 1.82

TOTAL .. 6.50 3.13

NET IMPROVEMENT ... 3.37.

The Railway Traffic receipts ~~have~~ some-
what improved towards the close of the year
and it remains to be seen if there will be
any increase under Railways compared with the
Revised.

Under Expenditure, there is likely to be
Some improvement compared with the Revised as there
may be lapses on some grants, e.g., Education.
On the whole, I think we may expect that, com-
pared with the Revised estimate, there will be
a betterment to the extent of about 6.00.

I shall wait until the final accounts for the year are closed and the exact surplus is ascertained for formulating proposals in regard to the disposal of the surplus. As I have explained in person, I am anxious to get rid of the working loss of the Iron Works. At the same time, I see the need for putting something into the non-recurring reserve for meeting any abnormal demands. Unfortunately, we have again had flood troubles this year and I do not know what extra expenditure will be necessitated by them. It will take another 3 or 4 months for the final surplus to be ascertained and by then we shall be in a position to know what are the exceptional demands in the current year which can justifiably be met from the special reserve if the resources of last year, after allowing for the ~~loss~~ adjustment of loss on working of the Iron Work permit of any addition to that reserve.

GOVERNMENT OF MYSORE

ADDRESS FOR TELEGRAMS,
SANDAL
BANGALORE

CODE USED "BENTLEY'S"

SANDALWOOD OIL FACTORY
SANKEY'S LODGE

2 - AUG 1924
Bangalore 24th June, 1924

No. 4687
Enc.

Dear Sir,

Cable advice was received this morning from London that 14,628 lbs 9 ozs. of oil was delivered during the past week and £.11000 remitted to, Coutts.

This brings the total business done for the year upto 31st June to 161,060 lbs as against 149,630 lbs. for the whole ~~year~~ of the last year. The deliveries during the current week are likely to be not less than 4 to 5000 lbs. The total business for the year 1923-24 is thus to be just over 165,000 lbs. exceeding the estimated figures.

The total gross remittances up-to-date amount to 22.⁴⁷ lakhs as against 22.60 lakhs given in the Revised Budget. I expect another lakh and a half or two to be remitted before the close of the year.

I am glad to add that the London agents have faithfully fulfilled all their engagements and their performance for the first year of their agency is quite satisfactory.

Yours sincerely,

Y. Narasimha Rao
